Respectfully submitted,

FRANK W. BEAL,
Road Commissioner.

Selectmen's Report

STATE AID ROAD

State Aid money was expended on the Duck Cove road, so-called, construction reaching into the Wight District, so-called, a continuation of the work of 1929. 4,750 feet of gravel base and gravel surface road was constructed. This work was under the supervision of the State Highway Commission with two foremen in charge, F. W. Beal and Oscar W. Mawhinney. Special Resolve money amounting to \$1,000.00 granted by an act of the Legislature of 1929 was used in conjunction with the regular building fund. There appears an unexpended balance of \$1,041.25 in hands of State Highway Commission to the credit of future State Aid work.

THIRD CLASS HIGHWAY

Third Class Highway money was expended on the Millvale road,

beginning at Coombs' Corner, so-called, a change of designation of this highway having been granted by the State Highway Commission that the construction work might extend toward Millvale one year and toward East Bucksport the next. It is a continuation of the work of previous years.

This work was under the supervision of the State Highway Commission with W. F. Quimby and Oscar Mawhinney in charge. 2,000 feet of gravel base and gravel surface road was constructed.

FRED W. SMITH,
Treasurer.

Auditor's Report

To the Citizens of Bucksport:

This is to certify that I have examined the accounts of the Selectmen, Overseers of the Poor and Treasurer for the past municipal year and find them correctly cast and all disbursements properly vouched for. There appears a balance in the hands of the Treasurer of \$762.27 as of January 31, 1931 at the close of the municipal year.

A condensed statement of the account of the Overseers of the Poor with the Bucksport Poor Fund follows:

Balance on hand Feb. 15, 1930	\$ 6.76	
Interest on fund	1,293.50	
	<hr/>	\$1,300.26
Payments	\$1,126.76	
Commission	56.34	
	<hr/>	\$1,183.10
Balance on hand Feb. 18, 1931		\$117.16

Respectfully submitted,

A. L. WHITE, *Auditor.*

Defraudment of checks	4
Reckless driving	5
Prisoners taken to County jail	31
Total number of arrests for the year.....	119

At this time, ending one year as Chief of Police, I desire to express my hearty thanks for the co-operation given me by the Chair-

man, and Board of Selectmen, and other town officials, also to the citizens of Bucksport, in all that I have undertaken.

Respectfully submitted,

LAWRENCE L. LABREE,
Chief of Police.

Report of Health Officer

To the Selectmen and Citizens of Bucksport:

I beg to submit the following report as Health Officer for the period November 17, 1930 to Feb. 1, 1931:

SANITARY INSPECTION

All food handling shops have been inspected weekly and I am glad to say that a very marked improvement of sanitary conditions can be seen. Nine restaurants have been given certificates of approval, they having complied with the state rules and regulations; those which have not received certification are not being patronized by the public who seek sanitary conditions. Sixty-one health certificates have been issued to food handlers.

COMMUNICABLE DISEASES

Cases of typhoid continue to appear and I cannot urge too strongly the danger of drinking water from wells and spring which have not been analyzed. All the recent cases have been traced directly to contaminated water. The immunization of the school children has been continued this year and there are at present only about fifty children who have not been inoculated. In the town report of 1928, Dr. R. W. Foster recommended very strongly the need of inoculation for typhoid and if his suggestion had been carried out, it would have prevented many of the cases during the past year. All citizens should be immunized against typhoid.

It is very important that the citizens report all cases of contagious diseases to the health officer immediately so that necessary steps may be taken to prevent the spread and determine the cause.

WATER SUPPLY

Official responsibility for the safety of public supplies rests upon the State Department of Health. Reports of analyses of samples of the town supply show that it is of good quality. Eighty samples from private wells and spring have been analyzed this past year and only 25% are fit for drinking purposes without boiling.

MILK SUPPLY

The milk supply for Bucksport comes from farms which have been inspected and approved by the State Inspector and all cattle are tuberculin tested.

NUISANCES

During the past few months many unsightly and unhealthy places have been made clean. The constant dumping along the river front must and will be stopped. The location of the town dump should be changed. A fire inspector has been appointed, Mr. Roland Wilson, and he has obtained results in a very short period but there is still room for further work.

I recommend that the Selectmen be given power to secure a better location for the town dump and that the health department draw up regulations for the disposal of garbage and refuse. The dumping of garbage on public dumps is not allowed by the regulations of the health department.

SEWERS

The present system of sewers is entirely inadequate, and for the most part ancient, for the present needs. There is no doubt that the pollution of so many wells and springs in the town is caused by the lack of sewers and leakage from the old system. It is time that the outdoor privy was removed from the village.

I recommend that the town take immediate steps for the construction of a sanitary sewer system.

HEALTH DEPARTMENT

The health department should be in the hands of a full time health officer with the necessary rules and regulations to govern the town. Steps are being taken to organize a health district composed of Bucksport, Orland, Orrington and Verona; the district to employ a full time officer with headquarters in Bucksport. This will reduce materially the cost for the protection of health for the towns and the state will assist to the amount of \$800 towards the salary of the officer.

I recommend that the Selectmen be given authority to join with the other towns in organizing a health district and raise \$500 for the salary of the officer. If the district is not formed I recommend that the town vote to employ a full time health officer and raise money for the same.

I wish to thank the chairman of the Selectmen and other members, the Town Clerk and the Chief of Police for the assistance and fine co-operation which they have given, also to the citizens of the town for the fine manner in which they have assisted in the health work. To the members of the medical profession, your co-operation has been deeply appreciated.

WILLARD S. LITTLE,
Health Officer.

Report Hancock County Public Health Nurse for the Town of Bucksport, Year 1930

To the Citizens of the Town of Bucksport:

I hereby submit my report as Health Nurse for Bucksport during the year 1930. This work is supported by the Christmas Seal Sale and by Town appropriation.

The following schools have had full physical inspection: Luman Warren School, all grades; Spofford Junior High School, Cobb, Bucksport Center, Duck's Cove, Millvale, Hancock Pond, and the Eastern Maine Academy. Health talks given in each. Notification slips were sent home to the parents stating the defects found in each individual pupil, and a complete record of each pupil filed.

School follow-up visits were made to the homes of the more important cases to promote interest in having defects corrected. It is very gratifying to know that there have been a large number of corrections during the last year, the outstanding ones being teeth and vision.

Bucksport had the same privilege as other towns in sending their Contact Cases and children predisposed to T. B. for the Tuberculin Test. Miss Bella Davis, a specially trained nurse and Clinic Nurse for the Maine Public Health Association, acting under the advice of Dr. Foster, was at the Spofford High School in June and made the tests and read the reactions, thus saving valuable time of the physician.

It was necessary to secure the consent of all parents to make the test. Positive reactors only were X-rayed. Much time was given in rounding up the children for this Clinic, and a total of 83 visits made for this purpose alone. The test is called or known as the Von Pirquet Test; "for in the control of Tuberculosis our hope of success in the years to come rests largely upon the care of the youths of today."

We have not been without the usual epidemic of diseases and the need for such work has been large. Mrs. Josephine Moore, Nurse, and a very efficient one, under the Maine Public Health Association served for three weeks in and around Bucksport, during which time she served in the schools and visited the homes of cases, giving advice and nursing care wherever possible. Much literature on Typhoid Fever as well as Infantile Paralysis, was distributed.

A Well Baby Conference was held at the Elm Street Congregational Church Vestry with a small attendance, due possibly to the prevalent Whooping-Cough and Chicken-pox everywhere.

Numerous nursing calls have been made to patients, including visits to former Clinic cases, welfare visits to babies, preschool, and tubercular patients. Instructions and advice given in each case.

Investigation visits made in reference to social problems; also visits made for Miss Mary Hall and a written report sent to State worker each time. Several calls made at the advice of Dr. Foster.

Papers prepared and filed at one of the State schools for a feeble minded girl of school age, pending admittance at the first vacancy.

Attended the North Bucksport Farm Bureau, and gave a talk on "Communicable Diseases." A good attendance was present.

We again wish to extend our grateful appreciation to all of the Bucksport people who give of their support to make the work possible in Bucksport.

Respectfully submitted,

HANCOCK COUNTY HEALTH SERVICE
WINIFRED LOUISE DUNPHY, R. N.

Hancock County Public Health Nurse.

Report of the Superintendent of Schools

To the Superintending School Committee and Citizens of Bucksport:

I herewith submit my annual report of the public schools of Bucksport, for the year ending February 1, 1930.

The industrial growth of the town has necessarily increased the school registration. The present enrollment, as may be noted from the statistics, is over seventy per cent more than on September, 1929. Fortunately, this increase was anticipated and provision made, so that our schools have not been seriously overcrowded even during the construction period. The rural schools have increased in nearly the same proportion. At Hancock Pond there were more children than could be seated in the room. Therefore, it was necessary to repair the building at East Bucksport to care for the children in that vicinity. This added to the cost of maintenance, but seemed the only way of handling the situation. The conveyance of children moving into house located more than one and a half miles from a school house has also added to the expenses. On the shore road alone more than twenty-five children have to be conveyed. It seemed advisable to purchase a regular school bus to cover the route from Chipman's Crossing also from Wasson's on the Orland road. For sometime we have felt the need of such a conveyance, but the number did not seem to warrant the expense. The State furnished the bus body. At present there are over fifty being conveyed on this conveyance alone.

This year it was necessary to add three teachers to the force at the Luman Warren School, one at East Bucksport, a part time teacher at the Junior High besides the Home Economics teacher. A complete list of the teachers with the enrollment of each school is as follows:

<i>School</i>	<i>Teacher</i>	<i>Subject or Grade</i>	<i>Enroll.</i>
Junior High	Raymond Ernest	Prin. and Manual Tr.	105
	Dorothy Grindle	English, History	
	•Helen Angell	Social Science, Math.	
	**Ruth Daggett	Social Science, Math.	
	***Pauline Whitmore	Math.	
	***Gora Stark	Latin	
Luman Warren	Violet McSorley	Home Economics	40
	Kathleen Buckley	Prin. and First	

	Charlotte Stevens	Sub-Primary	34
	Agatha Dyer	Second	45
	Ida Rosen	Third	37
	Evelyn Hall	Fourth	34
	Frances Maxfield	Fifth	40
	Annie McCaslin	Sixth	33
	Helen White	Music	
Millvale	Helen Prahm	Seven grades	26
Hancock Pond	Dorothy Henry	Seven grades	23
East Bucksport	Alice Burrill	Seven grades	14
Duck Cove	Mildred Thayer	Six grades	25
Long Pond	Margie Goodridge	Five grades	20
Center	Madeline Wadleigh	Six grades	15
Cobb	Elizabeth Clark		28
Physical Ed.	Paul Brown		

*Resigned during Fall term on account of ill health.

**Elected to fill the vacancy caused by Miss Angell's resignation.

***Teaching part time.

PHYSICAL AND HEALTH EDUCATION

Through the co-operation of the Seminary and the State aid we are able to have a director of Physical Education, who has had special training and experience. This has been worked out at a very small expense to the town. The general purpose of this plan is to get every child in our schools actually taking part in organized games and calisthenics, thus developing stronger and healthier boys and girls. The Seminary officials have very kindly allowed groups from the junior high school to use their gymnasium for this work, also for basketball. The law provides that physical education must be taught in accordance with a program outlined by the Commissioner of Education. Previous to this year we have endeavored to have the class room teacher give this instruction, which in most cases has been far from satisfactory.

Closely allied with the physical education program is that of health. The nurse examines each child once a year, checking up on the teeth, throat, eyes, ears, and weight. Parents are notified of defects and asked to consult a physician or dentist. Excellent results are noticeable in several schools. Special lessons in correct health habits are being taught daily, so that the children may know not only how to build up strong bodies, but also the fundamental means of keeping their bodies strong and healthy throughout life.

INDUSTRIAL EDUCATION

Your attention is called to the reports of the Manual Training and

Home Economics teachers. These courses are both subsidized by the State, therefore, the cost to the town is comparatively small after the equipment is purchased. Both departments have the best of modern equipment sufficient to carry on the work. A few things ought to be added each year as the course develops.

NEW BUILDINGS AND REPAIRS

The three room addition to the Luman Warren building was nearly completed before the opening of school in September. All of the work was done by local contractors. The building now comprises seven class rooms, a lunch and play room, a teachers' room, and an office for the Superintendent of Schools. The new rooms are all equipped with the Univent type of ventilation, the Chicago type of wardrobes and are modern in every respect. The total cost was slightly more than the first estimate due to the ventilation also the necessary changes in the original building.

A special effort was made this year to make the rural schools more attractive. Each room was completely redecorated and minor repairs made. Three of the buildings need painting on the exterior and two need to be shingled.

STATISTICS

Number registered in all schools	519
Number teachers employed	17
Number weeks in school year	36
Number conveyed at the expense of the town	81
Average weekly salary of teachers	\$21
Number attending the last three years of secondary school.....	72
Number attending junior high school	105

With deep appreciation of the continued support of the committee, the teachers and the community, this report is

Respectfully submitted,

G. HERBERT JEWETT,
Superintendent of Schools.

Report of Supervisor of Music

February 9, 1931.

Mr. G. H. Jewett, Superintendent of Schools:

I herewith submit my annual report as Supervisor of Music.

The work in the sub-primary and fire grade has been confined largely to rote singing.

During the first part of the year it was almost impossible for any of the children in the sub-primary to carry the simplest tune, but during the last few weeks a great improvement has been made in that line. Many of the children can now carry a simple tune quite correctly.

We have been somewhat handicapped in the upper grades by the lack of books of the right kind, a condition that could hardly be avoided this year. Under the circumstances, however, I feel that good progress has been made.

The Luman Warren School is in great need of a piano, to be used not only for singing, but for rythmical work of all kinds. It is a necessary part of the equipment of every modern school and I heartily wish that, by some means of co-operation, a piano may be added to the equipment.

I wish to thank you and all of the teachers for your help and co-operation during the year.

Respectfully submitted,

HELEN P. WHITE,

Supervisor of Music.

Report of Principal of Spofford Junior High School

1930-1931

Mr. G. H. Jewett, Supt. of Schools, Bucksport, Maine:

I herewith submit my annual report of the Junior High School. The purpose of this report is to record the accomplishments of the year and some of the future aims, and policies. It is hoped that citizens who have been unable to visit the school will thus be better able to appreciate what is being done.

School opened Sept. 9th and since then there has been a gradual increase in enrollment.

REGISTRATION

	Boys	Girls
Grade 9	19	18
Grade 8	16	17
Grade 7	16	19
	—	—
	51	54
Total.....	105	

A year ago today the register recorded 66 students to our present 105. The increase in enrollment has been a problem due to the large size of the classes for the size of the rooms available. We found it necessary to divide the classes so as to give more individual instruction.

COURSES OF STUDY

The course of study is practically the same as outlined by the State. We added Home Economics to our curriculum which is required of all girls. This year the student that obtains the highest scholastic standing in each grade will be presented with a five dollar gold piece.

PROGRAM OF STUDIES

GRADE 7		GRADE 8		GRADE 9	
Periods per week		Periods per week		Periods per week	
English	5	English	5	English	5
Hist. or Geog.	5	History or		Social Studies	4

Physical Tr.	1	Hygiene	2	**Industrial Arts	6
Spelling	1	Spelling	1	Physical Tr.	
		Physical Tr.	1		

*Elective.

**Required.

Periods, forty minutes.

EXTRA CURRICULAR ACTIVITIES

Extra curricular activities have been encouraged and carefully supervised by teacher advisers. Pupils have participated successfully in controlling these activities and are gradually learning to take considerable responsibility. Special activity periods are presented by the students once a week. Also an athletic association has been organized by the boys.

PHYSICAL EDUCATION

Physical education is that phase of education which aims to provide an opportunity for the individual or group to act in situations that are physically wholesome, mentally stimulating, satisfying and socially sound. The two major aims of physical education are:

1. Establishment of definite objectives in habits, attitudes, knowledge, skills and activities.
2. Plans for teaching, organizing and administering the physical education program so that it will meet the needs of the pupils.

The physical education program for the girls and boys this year has been very satisfactory. Under the careful supervision of Mr. Paul Brown each class received gymnasium exercises twice a week. The other days they receive classroom exercises. The exercises are given by a student that won the previous week. This serves as an excellent opportunity to develop one of the important objectives in education—training in leadership.

MANUAL TRAINING

In the Manual Training course I am endeavoring to make it interesting as well as instructive. The major aims of the Industrial Courses are:

1. Help our youth plan for the future. This is done through instruction and guidance in the fields of health, morals, education and occupations.
2. Develop appreciation of good workmanship and taste in home furnishings.
3. Encourage a just pride in personal achievement.
4. Contribute to the economy of the home.

This year we have added Art-Fibre weaving to the eighth grade curriculum. Some of the projects made are trays and footstools. We also have organized a tool insurance to take care of tools broken by the students. The ninth grade is devoting their time entirely to furniture. Some of the projects made are tables, stands, table lamps and umbrella stands. The making of furniture that will be used in the student's own home ties the schoolroom to the home and makes him a better scholar.

In conclusion, I wish to extend my personal thanks to teachers, pupils, parents, and school officials for their loyal support and co-operation.

Respectfully submitted,

RAYMOND W. ERNEST,

Principal.

Report of Home Economics Dept. Spofford Junior High School

To G. H. Jewett, Supt. of Schools, Bucksport, Maine:

I herewith submit my report of the Home Economics Department for the year 1930-31.

CLASS REGISTRATION

Nineth Grade	18
Eighth Grade	17
Seventh Grade	19
Total	54

COURSE OF STUDY

Seventh Grade—First Half Year

Foods and Health	80 min. periods	18 weeks
Table Etiquette		9 weeks

Second Half Year

Clothing Construction	80 min. periods	18 weeks
Personal Hygiene		9 weeks

Eighth Grade—First Half Year

Foods and Health	80 min. periods	18 weeks
Marketing		9 weeks

Second Half Year

Clothing Construction	80 min. periods	18 weeks
Suitability and Care of Clothing		9 weeks

Nineth Grade—First Half Year

Foods and Nutrition	80 min. periods	18 weeks
Marketing—Meal Planning		
Home Problems—Family Relationships	40 min. periods	9 weeks

Second Half Year

Clothing Construction	80 min. periods	18 weeks
Selection and Care of Clothing	40 min. periods	9 weeks

It is the aim of the Home Economics course to make the work as practical as possible and give the girls life problems to work upon.

The expense of running the department has been covered by a small fee, which each girl has paid at the beginning of each half year's work.

Total receipts for the first half year	\$41.50
Amount expended	39.28
Balance	2.22

During the Winter term a hot dish has been served to all students, who bring their lunch and pay three cents a day for cocoa or soup.

A Home Economics Club has been organized to stimulate interest in social activities and to develop a feeling of good fellowship and co-operation among the girls.

Respectfully submitted,

VIOLET McSORLEY,
Home Economics Teacher.

WARRANT

STATE OF MAINE

Hancock County, ss.

To Laurence L. LeBree, a Constable of the Town of Bucksport in said County,

GREETING:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of said town of Bucksport, qualified by law to vote in town affairs, to assemble at the Alamo Theatre in said town, on Monday, the second day of March, 1931 at ten o'clock in the forenoon, to act on the following articles, to wit:

1. To choose a moderator to preside at said meeting.
2. To choose a clerk for the ensuing year.
3. To see if the town will vote to accept the report of the Selectmen, Assessors, Overseers of the Poor and Auditor.
4. To choose three Selectmen, Assessors and Overseers of the Poor and an Auditor.
5. To choose a Treasurer of the town and all other necessary town officers for the ensuing year, excepting Collector of Taxes.
6. To choose a Collector of Taxes.
7. To see if the town will vote to elect one or more Road Commissioners, not exceeding three; or authorize the Selectmen to appoint and fix the term of office not to exceed three years, or authorize the Selectmen to act as Road Commissioners.
8. To choose one or more Road Commissioners if the town so votes in the preceding article.
9. To fix the compensation of each of the several town officers, to wit: Town Clerk, First, Second and Third Select-

men, Assessors, Overseers of the Poor, Auditor, Treasurer, Collector of Taxes, Superintendent of Schools, School Committee, Attendance Officer, Fire Wardens and Road Commissioner and to raise money for the same.

10. To determine the manner of collecting the taxes, and the rate of discount allowed, or interest to be charged.

11. To determine what sums of money the town will raise, by taxes or otherwise, for the following purposes:

For Elementary Schools and Secondary School, tuition including teachers' wages and board, fuel, janitors' services, conveyance, tuition, and board of pupils, textbooks, reference books and school supplies for desk and laboratory use.

For repairs of schoolhouses, including insurance.

For industrial education.

For School Flags.

Support of Poor off the Town Farm.

Support of Town Farm.

Payment of Notes and Interest.

Fire Department.

Repairing Sewers.

Discounts, Abatements and Contingent Expenses.

12. To see how much money the town will raise and appropriate to repair highways, bridges and sidewalks.

(a) Summer work to include amount paid State for patrol.

(b) Winter work.

13. To see what sum of money the town will raise or otherwise appropriate, for applying tarvia to village streets.

14. To see what sum of money the town will raise and appropriate for the purpose of removing bushes from the highways as required by law.

15. To see what action the town will take relative to maintenance of third class highway and the removal of bushes on any improved section of state highway, state aid highway or third class road location, as required by law.

16. To see what action the town will take regarding the compensation of men and teams and the hours of labor for the same or act anything relating thereto.

17. To see if the town will vote to build a section of permanent sidewalk, determine its location and raise money for the same.

18. To see if the town will authorize the Selectmen to make a contract with the Central Maine Power Co., for street lights, and to raise money for the same.

19. To see what sum of money the town will raise and appropriate for the services of one or more fire companies for the municipal year, or to provide passage of legislation relative to any changes in fire companies or fire department, and raise money for the same.

20. To see what sum of money the town will vote to raise and appropriate to be used for Memorial Day exercises.

21. To see what sum of money the town will raise and appropriate to aid in keeping the reading room in the Buck Memorial Library open to the public or act anything relating thereto.

22. To see what sum of money the town will raise and appropriate for carrying out the law regarding Mothers' Aid and Dependent Children.

23. To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State Aid, as provided in Section 20 of Chapter 28, of the Revised Statutes of 1930.

24. To see what sum of money, if any, the town will vote to raise in accordance with the provisions of Sections 26-34, Chapter 28, Revised Statutes 1930, for the construction of a State Aid highway through the town of Bucksport, Dedham, Holden and Eddington, beginning in the village of Bucksport and extending over the main travelled road via Davis Corner, Page's Corner, and Long Pond to the Dedham town line; thence on the direct road to East Holden through the town of Dedham to the Holden town line;

thence on the State Aid designation through the town of Holden via East Holden to the Eddington town line; thence through the town of Eddington over the direct road to East Holden; thence westerly to Eddington Bend, so-called; thence via the River road in a northly direction to the Bradley town line.

25. To see what sum of money the town will raise and appropriate for the improvement of the section of State Aid road as outlined in the report of the State Highway Commission, in addition to the amounts regularly raised for the care of ways, highways and bridges, under the provisions of Section 19, Chapter 28, of the Revised Statutes of 1930, or under the provisions of Section 22, Chapter 28, Revised Statutes of 1930.

26. To see what sum of money the town will raise and appropriate for the protection of health, the said sum to include salary of Health Officer.

27. To see if the town will raise money to provide for the services of a public health nurse, or take any action thereon.

28. To see if the town will vote to have a school physician and raise money for the same.

29. To see if the town will vote to accept the report of such roads as may have been laid out by the Selectmen and raise any money that may be necessary in connection with the same.

29 (a) To see if the town will discontinue the roadway running westerly from the S. W. corner of the property of Edward J. Luosey on Middle street and then southerly to the land of Herman Bowden on Second street, as long as the property of E. M. C. Seminary is used for school purposes.

30. To see what action the town will take relative to police service, the regulation of traffic, etc., and raise money for the same.

31. To see what action the town will take to provide sewerage for property of Page, Steinarson, Miners, Moul-

ton, Cole, Tapley, Woodbridge et als. on Central and upper School Streets, and raise money for the same.

31a. To see if the town will vote to build a sewer beginning on land of Cleveland C. Stubbs at a point about 700 feet northeasterly from the State Highway and running southwesterly on said Stubbs' land--a proposed street--to the State Highway, thence along said State Highway easterly about 500 feet with suitable outlet to river a distance of about 200 feet, total length approximately 1400 feet and raise money for the same.

32. To see if the town will vote to build a sewer on Pine Street, beginning at Pond Street and extending to Broadway, a distance of about 875 feet.

33. To see if the town will install and maintain a street light on Pine Street between Pond Street and Broadway, and raise money for the same.

34. To see what sum of money the town will raise, or otherwise appropriate for advertising the natural resources, advantages and attractions of the State of Maine, as authorized by Chapter 102, Public Laws of 1925.

35. To see if the town will vote to raise the sum of \$200.00, or more, to co-operate with the Maine Forest Service and Federal government in controlling White Pine Blister within the confines of the town.

35a. To see what action, if any, the town will take regarding a revision of its Building By-Laws.

36. To see if the town will vote to purchase the Legion Hall and raise money for the same.

37. To see what action the town will take in regard to the sale of fireworks and fire crackers and other explosives preceding the Fourth of July, and make any regulations relating thereto.

38. To see if the town will authorize the Treasurer to sell and convey the town's interest in any real tstate that has been forfeited to the town for the non-payment of taxes.

39. To see if the town will authorize the Treasurer with

the approval of the Selectmen to make a temporary loan.

40. To see if the town will elect an estimating committee who shall report, at the next annual meeting of the town, its recommendations on each article in the warrant of said meeting.

41. To transact any other business that may legally come before said meeting.

The Selectmen will be in session at their office, Main Street, on Saturday, February 28, for the purpose of correcting the list of voters.

Given under our hands in the Town of Bucksport, this eighteenth day of February, in the year of our Lord, one thousand nine hundred and thirty-one.

WILLIAM R. BEAZLEY,

SHERMAN W. DAVIS,

JAMES L. SPRATT,
